#### CAST REVIEW

Peter Revel –Walsh was hired by Croban productions to star as the lead role in the promotional music video for Diamond Lil. He was chosen based on his unique style, professional background as an actor and impressive communication during the audition process. Not only did Peter respond quickly to our cast request and correspondences but he also used his initiative to look up train times and prices to aid the planning process.

Working with Peter was a film Director's dream, he understood the character, took direction well and even added to the depth of the character by suggesting actions which improved the quality of the narrative. The role required huge emotional concentration which was to be portrayed without the aid of dialogue and in this silent role Peter excelled, his performance was emotional, moving, convincing and with a true depth and feeling.

Apart from having great screen presence and a professional working attitude, Peter is friendly, easy going and everyone on set commented that they would love to work with him again due to his good humour and honest friendly demeanour.

Our kindest regards go to Peter Revel-Walsh and both the Band and Crew are grateful to him and we hope that we will have the chance to work with him again in the future.

Peter is a strong, professional and reliable actor and will do well in any role assigned to him.

Thank you Peter x
